United Kingdom

Career history

Dr. Natalie Jones is a writer and researcher working in international environmental law and policy. Prior to her current role, she completed her PhD in international law at the University of Cambridge in 2020. She also holds an LLM from Cambridge, and an LLB(Hons) and BSc from the University of Canterbury. She is a writer for the Earth Negotiations Bulletin, covering multilateral negotiations on climate, biodiversity and sustainable development. Previously, she worked in legal and policy research at the Stockholm Environment Institute, Urgenda Climate Litigation Network, the Interamerican Association for Environmental Defence, and as a judges' clerk at the High Court of New Zealand. She has taught international law, environmental law and human rights law at the University of Cambridge.
