The European Youth Parliament is a peer-to-peer educational programme that empowers young people from across Europe to be open-minded, active citizens. The EYP's project "Young Opinions on the Future of Europe" aims to amplify youth voices and opinions on the future of Europe, as well as to engage European citizens with the upcoming Conference on the Future of Europe. Next to the EYP events held within the framework of this project, youth ideas and opinions are being collected in the frame of Youth Poll on the Future of Europe. A common youth vision and policy recommendations were identified on the topic of Global Climate Crisis.
