Abstract title: Introduction to the Global Centre for Maritime Decarbonisation

Abstract text (within 100 words):

The Global Centre for Maritime Decarbonisation (GCMD) was set up on 1 August 2021 as a non-profit organisation with an initial investment of S\$120 million from the Maritime and Port Authority of Singapore (MPA) and six partners, namely BHP, BW Group, Eastern Pacific Shipping, Foundation Det Norske Veritas, Ocean Network Express and Sembcorp Marine.

GCMD will be sharing some of its perspectives and recent developments to support maritime decarbonisation.
